OUR METHOD

1

LAND SEARCH & PROSPECTING

We keep a close eye on available land for sale and mobilise our network to help you in your search.

2

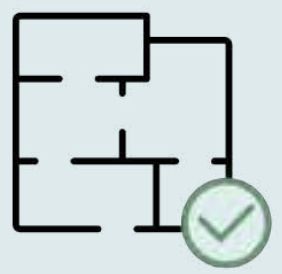

FEASIBILITY STUDIES

We do everything we can to match your requirements to every aspect of your building project.

3

TECHNICAL AND ARCHITECTURAL DESIGN

We design your project by optimising its functionality and its architectural and environmental qualities.

4

ADMINISTRATIVE AUTHORISATIONS

We work with you to prepare all the administrative documentation to obtain the necessary authorisations.

5

TURNKEY CONSTRUCTION

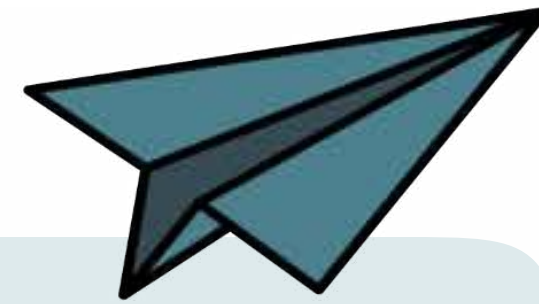

We provide complete design and build solutions. ING2K will be your sole partner throughout the project.

6

CERTIFICATIONS & COMMISSIONING

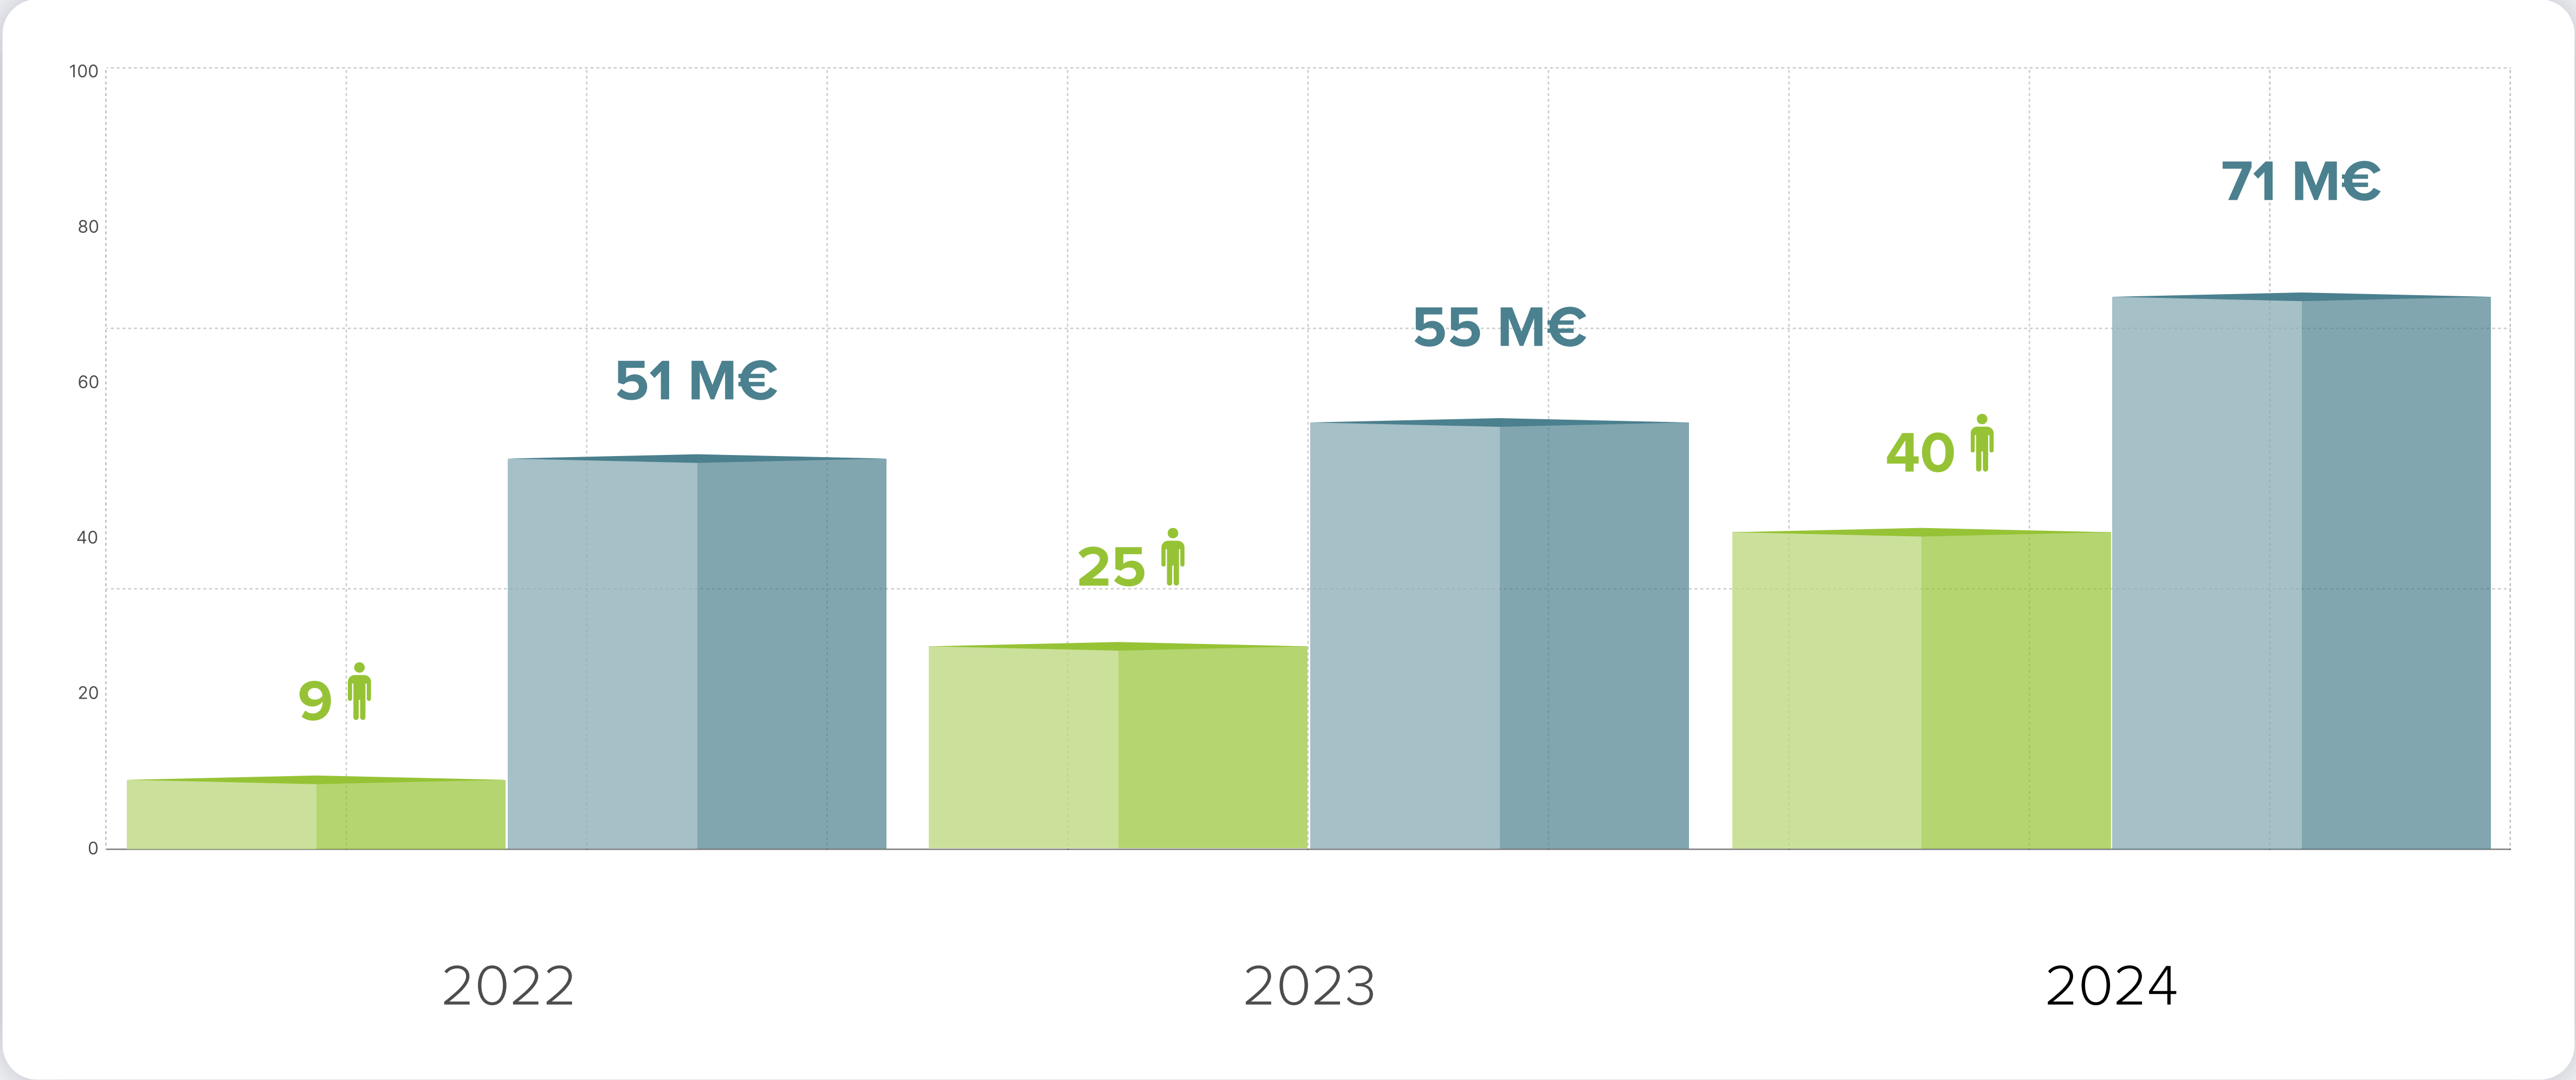

We can help you obtain environmental certifications and guarantee that our buildings will be finished to the highest standards.
